

The Two Rs

Different words are used to describe the motion of objects in space. Circle the answer that best describes the meaning of the words *rotate* and *revolve*.

- A** *rotate* means spin; *revolve* means spin
- B** *rotate* means spin; *revolve* means orbit
- C** *rotate* means orbit; *revolve* means orbit
- D** *rotate* means orbit; *revolve* means spin

Explain how these words describe Earth's motion. You may use a diagram to support your explanation.
